Services will be subject to review and administration by the office requesting the service unless designated otherwise by the City. All the services required hereunder will be performed by Contractor or under his supervision, and all personnel engaged in the work shall be fully qualified and shall be authorized or permitted under state and local law to perform such services.

SCOPE OF SERVICES: The services to be rendered by the Contractor for this project shall be as defined in Section 2 of the Request for Proposal.

CONTRACT MODIFICATIONS: No amendment or variation of the terms of this contract shall be valid unless made in writing, signed by the parties, and approved as required by law. No oral understanding or agreement not incorporated in the contract is binding on any of the parties.

Changes to the contract include any change in a) compensation; b) beginning/ending date of the contract; c) scope of work; and/or d) contractor change through the assignment of contract process. Any such changes, once approved, will result in the issuance of an amendment to the contract.

GENERAL REQUIREMENTS: With the exception of the services specifically listed to be furnished by the City, Contractor shall, for the agreed fees, obtain all data and furnish all services and materials required to provide the contracted services. All items required to accomplish these results, whether or not specifically mentioned in this contract, including attendance by the Contractor or their representatives at conferences and public hearings, are to be furnished at the expense of Contractor.

SERVICES TO BE PERFORMED BY THE CITY: The City will furnish the Contractor without charge all information which it has in its files that may be useful to the Contractor in carrying out this work, as well as assistance in securing data from others to the extent available.

COMPENSATION AND PAYMENT: The City shall pay and Contractor agrees to accept compensation for the services to be performed under this contract, at the rates indicated on the Cost Proposal Form attached and made a part of the contract. Contractor must submit invoices

regularly and for no more than thirty-day periods. Subject to the approval of the Mayor or his designee, these invoices will be paid within thirty (30) days after approval.

CONTRACT TIME: The services to be performed under this contract shall be commenced promptly by the Contractor and shall be completed as defined in the notice to proceed issued for each event.

COMMENCEMENT OF WORK: No work shall be performed by the Contractor and the City shall not be bound until such time as a Contract is fully executed between the City and the Contractor and all required approvals are obtained.

If within ten (10) days after receipt of such notice, the Contractor shall not have either corrected such failure or, in the case of failure which cannot be corrected in ten (10) days, begun in good faith to correct said failure and thereafter proceeded diligently to complete such correction, then the City may, at its option, place the Contractor in default and the Contract shall terminate on the date specified in such notice. The Contractor shall be entitled to payment for deliverables in progress, to the extent work has been performed satisfactorily.

The continuation of this Contract is contingent upon the appropriation of funds by the City Council to fulfill the requirements of the Contract by the City Council. If the City Council fails to appropriate sufficient monies to provide for the continuation of the Contract, or if such appropriation is reduced by the veto of the Mayor or by any means provided in Louisiana law or

DISPUTES: Any dispute concerning a question of fact in connection with the work not disposed of by agreement between the parties shall be referred to the Mayor or his duly authorized representative for determination, whose decision in the matter shall be final and conclusive on the parties to this contract.
