

## ***Proposer's Qualifications and Experience***

TFR Enterprises, Inc. is a debris removal contractor, first incorporated in 1989 in the State of Tennessee, and actively participating in disaster recovery contracts nationwide since Hurricane Andrew in 1992. Tipton F. Rowland, the sole stockholder of TFR Enterprises, Inc., owned and operated Robinson Tree Services (a 55 year-old company) in Memphis Tennessee. In 1992, he added a disaster response/debris management division. The owners re-located the home office to Leander, Texas in September 2000 and sold the Robinson Tree Services division. Since entering the debris removal industry during Hurricane Andrew in 1992, TFR has provided debris removal and cleanup services to over 100 Federal, State and Local governments, as well as several private industries whose recovery has been funded by the Federal Emergency Management Agency (FEMA). TFR has a staff of 32 full-time employees.

In addition to an established relationship with over 300 experienced, previously-employed subcontractors to call upon, TFR owns over 150 pieces of equipment, including a fleet of self-loading debris hauling trucks, rubber-tired and track mounted loaders, heavy-haulers, excavators, dozers and numerous trailers, and eight (8) Diamond-Z Model 1463 Tub Grinders for vegetative debris reduction (grinding).

This resource of company-owned and controlled assets allows TFR to provide an expedient response. Pre-planning certainly encompasses a large portion of this service. TFR can respond within hours to immediately begin emergency road clearance services to provide a vital lifeline for federal, state, and local emergency responders to assess damages. Furthermore, TFR can prep and construct a TDSR site for immediate acceptance of storm-generated debris in less than 24 hours. To fully augment our operational capacity and to aid the organization of relief efforts, Mobile Command Units can be deployed to enhance response and achieve greater coordination between parties. Concurrently, project teams are immediately available to investigate the impacted area to quantify debris, deduce an overall damage estimate and coordinate a recovery/removal plan accordingly.

The principals and employees of TFR are proud of their reputation for delivering timely and efficient debris management and disposal services on the more than 100 private, State, Federal and Municipal entities over the past 26 years.

## **Scope of Services**

TFR offers a range of services within the debris removal industry to ultimately provide clients with a comprehensive debris management plan. From debris collection along public rights-of-way to beach restorations, TFR has performed these services for over 26 years since Hurricane Andrew in 1992. Over that time and through countless projects, TFR has continually performed, refined and updated current services to deliver a quality driven, cost competitive price to our customers. The list of services offered by TFR is outlined below:

- Debris Management
- Emergency Road Clearance
- Debris Reduction and Removal
- Debris Hauling, Segregation, Recycling and Disposal
- Structural Repair
- Temporary Debris Storage
- Debris Reduction Site Construction and Management
- On-site Repair Shop
- Creek, Channel and Beach Restoration
- Tub Grinding

### **Office Location to Service the City of Central:**

TFR is currently contracted with LADOTD District 61 and have established a temporary office location in Baton Rouge to accommodate personnel, hire local subcontractors, and to oversee administrative functions.

### **Point of contacts for the City of Central are as followed:**

Kevin Rolison, Operations Manager, (512) 944-8766, kevin@tfrinc.com  
Tiffany Wilkes, Contract Administrator (512) 565-0710, tiffanyw@tfrinc.com  
Sharon Lyell, Project Administrator (512) 576-3000, sharonl@tfrinc.com

### **KEY PERSONNEL**

TFR maintains a team that has been conducting debris removal, reduction and management projects for 26 years. From Hurricane Andrew to the devastating effects of Hurricane Sandy, TFR personnel have participated in relief efforts across the country, on different continents and in varying debris capacities. If awarded, you will be contracting with a company deeply rooted in customer value, experience, and expediency. TFR is proud to present one of the most knowledgeable project teams in this industry.

#### **Tipton F. Rowland, Chief Executive Officer**

Mr. Rowland acquired his grandfather's company (Robinson & Son Tree Service, Memphis, TN) in 1988 and incorporated the company as TFR Enterprises, Inc. in 1989. A disaster services division was added in 1992 to include, debris management following a disaster event such as hurricanes, floods, ice storms, tornados and earthquakes. Projects that have been undertaken and successfully completed under his supervision include vegetative and C & D debris removal from Rights-Of-Way, vegetative and C & D debris removal from streams and canals, Temporary Debris Storage and Reduction Site (TDSRS) management, weed and brush control services, tree pruning, trimming and removal services, mulch and compost production services, vegetative debris incineration (both open burn and air curtain), vegetative reduction by grinding, separation and recycling of C & D debris and demolition of residential structures. Mr. Rowland has overseen 100+ separate disaster response projects, federally funded by the Federal Emergency Management Agency (FEMA). By providing "hands-on" oversight as president and Chief Executive Officer of TFR Enterprises, Inc. he has successfully performed as damage assessment evaluator, cost proposal estimator, project supervisor, safety and compliance officer, and has assisted in interacting with local government officials in developing debris management policies in compliance with State and Federal (FEMA) reimbursement regulations. **Recent Disaster Experience: 2016 Texas Floods, 2015 Texas Floods, 2015 Tennessee Ice Storm, 2014 NCDOT Ice Storm, 2014 SCDOT Ice Storm, 2013 Colorado Flood, 2013 South Dakota Ice Storm, 2013 Arkansas Ice Storm, 2012 Hurricane Sandy, 2012 Oklahoma Tornado, 2012 Connecticut Winter Storm, 2011 Bastrop County Wildfires, 2011 Hurricane Irene, 2010 Oklahoma Tornado, 2009 Arkansas Ice Storm, and 2008 Hurricane Ike.**

#### **Julie A. Rowland, Chief Financial Officer**

Julie Rowland graduated from the University of Memphis in 1992 with a BA in Communications. Since joining the company in 1989, she has served as the administrative and financial accounting manager for all projects. She is responsible for the oversight of all financial records and systems for the company, overseeing a staff of 4 clerks. She is the principal advisor to the President on all matters relating to cooperative agreements and procurement, as well as financial management, controls, and accounting functions. She has overall responsibility for final reconciliation of accounts for issues involving subcontractors and clients. In addition, Julie Rowland is responsible for providing outside agencies such as banks, bonding and insurance companies and auditors with necessary financial information and assists the independent auditor with financial statements and income tax preparation. **Recent Disaster Experience: Recent Disaster Experience: 2016 Texas Floods, 2015 Texas Floods, 2015 Tennessee Ice Storm, 2014 NCDOT Ice Storm, 2014 SCDOT Ice Storm, 2013 Colorado Flood, 2013 South Dakota Ice Storm, 2013 Arkansas Ice Storm, 2012 Hurricane Sandy, 2012 Oklahoma Tornado, 2012 Connecticut Winter Storm, 2011 Bastrop County Wildfires, 2011 Hurricane Irene, 2010 Oklahoma Tornado, 2009 Arkansas Ice Storm, and 2008 Hurricane Ike.**

### **Ronnie D. Moore, Vice President of Operations**

Ronnie Moore received his Bachelor of Science degree in Civil Engineering from the University of Texas at Austin in 1978. He earned his Registered Professional Engineer (PE) license in January 1985.

Mr. Moore has worked for the Texas Department of Transportation (TXDOT) in the Bridge Design Division as a designer, and in the Aviation Division as a project manager. He also has extensive experience in the private sector as a design engineer for multi-million dollar mixed-use land development projects as well as roadways, drainage and utilities, and as a senior project manager for the same types of projects.

Mr. Moore was the Bastrop County Engineer at the time of the Bastrop Complex Wildfire, which started September 4, 2011 and was not declared extinguished until Oct. 9, 2011. This fire was the most destructive Wildland-Urban Interface fire in the history of Texas. The fire burned rapidly out of control, scorching 32,400 acres, destroying 1,723 residential and commercial structures, torching an estimated 1.5 million loblolly pine trees, and claiming the lives of two people.

Mr. Moore was in charge of the debris removal operations during Bastrop County's recovery. The entire burn scar of this fire is in the critical habitat of a federally listed endangered species. Therefore, Mr. Moore worked together with U.S. Fish and Wildlife (FISH), FEMA, and the Texas Division of Emergency Management (TDEM) to ensure that all requirements of the Stafford Act, the Endangered Species Act (ESA) as well as FEMA and State requirements were adhered to during the debris removal portion of the recovery effort. Bastrop County's debris removal program has come to be considered a model program for post fire debris removal. Ronnie Moore has been a featured speaker on Debris Removal and adherence to governmental regulations during the debris removal operation, at both the TDEM annual conference, and the Capital Area Council of Governments (CAPCOG) workshops for municipal and county Emergency Management personnel.

### **Dennis Sissell, Environmental and Safety Manager**

Mr. Sissell has been in the hazardous materials containment, response and cleanup services industry since 1980. He has responded to various hazardous materials cleaning/removal and spill cleanup projects in mills and refineries such as Armco Steel, Shell, DuPont, Phillips and Hymont and several Municipal Solid Waste Treatment facilities. His Hazmat background includes training in containment, cleaning and disposal. Mr. Sissell is also D.O.T. certified in handling, packaging, and shipping of Hazardous Materials. He provides a knowledgeable and professional approach to the environmental and safety issues involved in the collecting, handling and disposal of Hazmat materials during the debris removal process. **Recent Disaster Experience: 2015 Texas Floods, 2013 Colorado Flood, 2013 South Dakota Ice Storm, 2013 Arkansas Ice Storm, and 2012 Hurricane Sandy.**

### **Sharon Lyell, Project Administrator**

Sharon Lyell joined the TFR team in 2006 following a successful career at Fisher Rosemount Systems, Inc., where she was pivotal in the reduction and accuracy of delivery times and ensured the vitality of operations by coordinating with the finance, scheduling, materials and manufacturing departments. This experience primed Ms. Lyell to seamlessly step into the role of Project Administrator in which she manages all subcontracting and employee resource needs for any and all FEMA declared disaster projects. Ms. Lyell's duties include any and all subcontractor records including Subcontract Agreements, appropriate certificates of insurance, work orders, lien releases and subcontractor payouts in addition to the preparation of all Certified Payrolls for Federal Projects. Furthermore, she has been cross-trained in the appropriate TFR accounting processes and managed accounts payable and bank reconciliations to ensure operations run efficiently and smoothly. **Recent Disaster Experience: 2016 Texas Floods, 2015 Texas Floods, 2015 Tennessee Ice Storm, 2014 NCDOT Ice Storm, 2014 SCDOT Ice Storm, 2013 Colorado Flood, 2013 South Dakota Ice Storm, 2013 Arkansas Ice Storm, 2012 Hurricane Sandy, 2012 Oklahoma Tornado, 2012 Connecticut Winter Storm, 2011 Bastrop County Wildfires, 2011 Hurricane Irene, 2010 Oklahoma Tornado, 2009 Arkansas Ice Storm, and 2008 Hurricane Ike.**

### **Kevin Rolison, Project Manager**

Mr. Rolison has over 14 years experience in the disaster debris management industry and over 15 years experience in heavy-equipment, including knucklebooms, heavy haulers, self-loaders and grinders. Mr. Rolison came to TFR Enterprises in 2002 as a CDL; Class A Driver working on storm related projects in Virginia. In 2004, Mr. Rolison served our company as a project supervisor on various projects resulting from Hurricanes Charley, Fran, Jeanne and Ivan in the State of Florida. He continued as a Project and Site Manager in 2005 and 2006 on jobs in Louisiana and Texas resulting from Hurricanes Katrina and Rita. Prior to coming to TFR Enterprises, Mr. Rolison owned and operated his own hauling business, Rolison Trucking, Inc. In addition to his current role, Mr. Rolison has extensive knowledge of the maintenance and logistics of debris removal equipment, including Sterling Self-Loaders and knucklebooms and Diamond Z Grinders. **Recent Disaster Experience: 2016 Texas Floods, 2015 Texas Floods, 2013 Colorado Flood, 2013 South Dakota Ice Storm, 2013 Arkansas Ice Storm, 2012 Hurricane Sandy, 2012 Oklahoma Tornado, 2012 Connecticut Winter Storm, 2011 Bastrop County Wildfires, 2011 Hurricane Irene, 2010 Oklahoma Tornado, 2009 Arkansas Ice Storm, and 2008 Hurricane Ike.**

### **Jennifer Frankovsky, Director of Business Development**

Ms. Frankovsky has been a TFR team member since 2010. She is a graduate of Texas A&M with extensive training in DOT rules and regulations. Ms. Frankovsky is responsible for managing the Fleet Division of TFR. Her department is responsible for Department of Transportation (DOT) compliance (CMV, CDL Driver and Corporate); IFTA and IRP; TFR fuel program; 2290 heavy vehicle use tax; equipment sales, rentals and purchasing; vehicle and heavy equipment registration, titling and insurance. When a major disaster occurs, Ms. Frankovsky travels to the site to efficiently hire and train CDL drivers to ensure compliance with all DOT regulations and TFR policies and procedures. She works with Project Managers to identify necessary equipment needed to perform the job and mobilize the equipment to the job site. **2016 Texas Floods, 2015 Texas Floods, 2015 Tennessee Ice Storm**

### **Tiffany Wilkes, Contract Administrator**

Mrs. Wilkes is a graduate of Texas A&M University and has been responsible for all aspects of office personnel and communications. She has been responsible for the oversight of bid and contract documentation and management, and serves as the key administrative contact in the home office for project supervisors in need of additional resources in the field, such as equipment-rental, fuel companies, sub-contractors, local temporary labor agencies, etc. Mrs. Wilkes also represents TFR Enterprises at national trade shows and conferences, exhibiting the company's services and capabilities. In addition Mrs. Wilkes has served as project manager following Hurricane Sandy in 2012 and the Oklahoma tornados in 2013. **Recent Disaster Experience: 2016 Texas Floods, 2015 Texas Floods, 2015 Tennessee Ice Storm, 2014 NCDOT Ice Storm, 2014 SCDOT Ice Storm, 2013 Colorado Flood, 2013 South Dakota Ice Storm, 2013 Arkansas Ice Storm, 2012 Hurricane Sandy, 2012 Oklahoma Tornado, 2012 Connecticut Winter Storm, 2011 Bastrop County Wildfires, 2011 Hurricane Irene, 2010 Oklahoma Tornado, 2009 Arkansas Ice Storm, and 2008 Hurricane Ike.**

### Equipment Available to the City of Central

TFR maintains an extensive number of equipment to provide our clients with greater value and to ensure the quality of our work. With one of the largest fleet in the industry coupled with numerous staging areas, TFR can respond to any natural or man-made disaster quickly and efficiently. This rapid response capability provides the client with vital emergency road clearance services to allow federal, state and local officials access to debris restricted areas and begin the disaster recovery efforts.

For large-scale projects, TFR has the ability to augment our own resources with local rental suppliers and local subcontractors in the area. TFR maintains valuable, fruitful relationships with rental companies and more than 300 subcontractors, to rapidly obtain any additional equipment needed to perform the work under contract.

## ***RFP Compliance***

### **Loading**

- All Loaders will have been previously inspected at the staging area for safety and compliance before being dispatched to the loading location.
- All Loader operators will receive safety briefings before beginning loading operations.
- Flagmen will be located ahead of loading operations to direct and control traffic.
- All flagmen will be properly attired and wearing safety equipment including hard hats, safety shoes, reflective vests and carrying traffic directing flags.
- All flagmen are under the supervision of the crew foreman.
- Operators are cautioned to be observant and conscious of their surroundings at all times, in particular being aware of hanging and downed power lines and structures hidden by debris, such as fire hydrants, water mains, fences, etc.
- Operators are cautioned not to overload trucks with debris so that the transporting of the debris could cause the excess debris to become dislodged and fall into traffic areas.
- Operators are cautioned to stay on the rights of way and not to enter private property during the loading process.
- Operators are equipped with mobile radios, and are supervised by crew foreman.
- Operators are instructed to keep the debris loads segregated between (a) burnable (vegetative), (b) non-burnable (C & D), (c) mixed piles where C & D, non-burnable, and vegetative are co-mingled and cannot efficiently be separated at the curbside, (d) other (such as household hazardous waste [HHW])
- Household hazardous waste (HHW) crew, trained in EPA requirements for handling of HHW, will load HHW materials, (household cleansers, butane, poisons, etc.) at the curbside by hand in a specially equipped compartmental truck. HHW will be delivered to a permitted facility.

### **Hauling**

- All Trucks will have been previously inspected at the staging area for measurement, numbering, safety and compliance before being dispatched to the loading location.
- All truck operators will be instructed to observe traffic regulations and follow the instructions of the flag persons.
- All truck operators are to wear safety equipment, hard hats and steel-toed shoes.
- Truck operators are not allowed to leave with “overhanging” loads. Loads will either be trimmed or reloaded before being allowed to leave the loading area.
- It is the truck operator responsibility to check and determine that his load is safe before leaving the loading site.
- Truck operators are equipped with cell phones and are supervised by crew foreman.

### **Dumping**

- Dumping operations will take place at the Ronaldson Field Landfill
- All traffic regulations and speed limits will be observed at the dumpsite.
- Truck operators will report to the inspection tower and deliver their “load ticket” to the field monitor for inspection and approval before proceeding to dump his/her debris.
- Each truck operator will be directed as to where to dump each load at the dumpsite location by the designated dumpsite operator.
- Each truck operator will inspect his truck and tailgate after the dumping process is completed to assure that it is secure before leaving the dump area.
- Truck operators will follow the designed traffic flow when leaving the dump and return to the designated loading area.

### **White Goods**

TFR will pickup and remove all white goods from public rights-of way and transported to Ronaldson Field Landfill. The white goods will be segregated and disposed of at the areas within the recycling site as directed by the recycling site operator. All white goods will be handled in accordance with applicable Federal, State, and local laws. White goods will be segregated and handled separately from other debris.

### **Dead Animal Removal**

TFR will collect, remove, transport, and dispose of dead livestock, large animals, and domestic pets from public rights-of-way to the North landfill in accordance with regulatory requirements.

**CORPORATE RESOLUTION**

A meeting of the Board of Directors of TFR Enterprises, Inc a corporation organized under the laws of the State of Tennessee, and domiciled in Leander, was held this 22nd day of August 2016, and was attended by a quorum of the members of the Board of Directors.

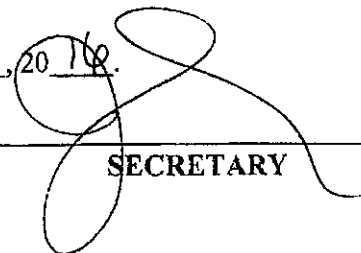

The following resolution was offered, duly seconded and after discussion was unanimously adopted by said quorum:

**BE IT RESOLVED**, that Tipton F. Rowland is hereby authorized to submit proposals and execute agreements on behalf of this corporation with the City of Central, State of Louisiana.

**BE IT FURTHER RESOLVED** that said authorization and appointment shall remain in full force and effect, unless revoked by resolution of this Board of Directors and that said revocation will not take effect until the Mayor, City of Central, shall have been furnished a copy of said resolution, duly certified.

I, Julie Rowland, hereby certify that I am the Secretary of TFR Enterprises, Inc a corporation created under the laws of the State of TN domiciled in Leander; that the foregoing is a true and exact copy of a resolution adopted by a quorum of the Board of Directors of said corporation at a meeting legally called and held on the 22nd day of August, 2016 as said resolution appears of record in the Official Minutes of the Board of Directors in my possession.

This 22nd day of August, 2016.
